

## Funeral Held For William H. Prior Pioneer Resident of the Irma District

On May 20th, 1958, William Herbert Prior, one of the original pioneers of the Orbindale and Irma districts, passed away at the Mannville Hospital after a lengthy illness. He was in his 83rd year, being born at Uxbridge, Ontario, on November 27th, 1876.

He came to the Orbindale district as a homesteader in the spring of 1907, the family then of three following in August of the same year.

He was a member of the old local school board for many years, and was a staunch supporter of the original U.F.A. and the wheat pool.

He also took great interest in local sport events, and to many of his friends had a great sense of humor, which made him beloved by both young and old.

He leaves to mourn his loss, his beloved wife, three sons, Erle, Ted, and Raymond, all of Irma; and one daughter, Jean (Mrs. Dave Veitch) of Courtenay, B.C. One son, Bill, having predeceased him in 1937, and one daughter, Martha (Mrs. Earl Guy) in 1943; 16 grandchildren and 20 great grandchildren.

Interment taking place in the Irma cemetery on May 22nd, the pall bearers being Ross McFarland Sr., Woody Clark, Donald Gunn, Stanton Coulman, Garfield Coulman, and Arthur Pheasey.

In memory of Mr. Prior, flowers were sent to the house by the Coulman families; Evelyn and Vic and family; Verla, Bill and Mrs. Meakins; Mr. Gunn and family; Betty, Ruby, Irma, Anne, Eileen, Isabelle, Jean and Lizzie.

## Weekly Inspirational Corner

(Sponsored by an Irma Times reader)

When the Son of man shall come in His glory, and all the Holy angels with Him, then shall He sit upon the throne of His glory: And before Him shall be gathered all nations; and He shall separate them one from another, as a shepherd divideth His sheep from the goats; And He shall set the sheep on His right hand, but the goats on the left.

Then shall the King say unto them on His right hand, Come, ye blessed of my Father, inherit the kingdom prepared for you from the foundation of the world. Then shall He say unto them on the left hand, Depart from me, ye cursed, into everlasting fire, prepared for the devil and his angels.—St. Matt. 25: 31-41, 41.

## WITH THE District Agriculturist

By J. S. Duncan

**Bees Keeping Regulations**  
Anyone keeping bees, even only one or two colonies, must register with the Apiculture Branch, Department of Agriculture, Edmonton. All that is required is the name, address and number of colonies kept. There is no charge involved but anyone not registered can be prosecuted.

Anyone buying, selling or moving used bee equipment must get a permit to do so. In this case the name and address of both buyer and seller must be given along with the type and amount of equipment involved. There is no charge for the permit but prosecution could result if a permit is not obtained. These regulations are for the purpose of disease control and the beekeeper is the one who will benefit, as diseased colonies will not produce a worthwhile honey crop. All that is required is a letter so don't delay.

## Who Reads This Column?

We never know whether the column is read or not, or whether the subjects discussed are of interest to them. How about dropping us a line saying what you think of it and giving a suggestion for improvement? We are about the subject you would like to see covered. Just address your letter to the District Agriculturist, Wainwright.

## Farm Water and Sewage

Running water and sewage disposal on the farm can be the best labour saver of all. It can also mean healthier living for the farm family and more profit out of your livestock. If you have a suitable water supply, you should investigate the costs involved in putting in a pressure system. They are probably not as high as you expect.

**Watch Your Weeds**  
It's about time to spray some of the early crop if you want to catch the weeds while they are small. It takes less chemical and so is safer for the crop if weeds are sprayed when they are small. Remember to use 2, 4-D Amine or MCP. For Oats and Flax.

## NORTH EAST CORNER

We could almost smell the fish frying Monday, after a successful fishing jaunt to Long Lake by some of the local fishermen, namely Frank and Bill Dootson, Crabb, Davy Holt and Bill Dootson.

Glad to see Norma Willerton home from the hospital and feeling fine.  
Tuesday was a busy day for quite a number of the men of the district with cement being run for Younker's house and Jack Taylor's machine shed.

Sunday visitors with the Old-hams were Mr. and Mrs. Bill Wellford and children and Jack Wellford of Lillac, Sask. They thought Alberta fell down on its reputation for sunshine, but being farmers, praised the rain anyway.

The Jack Taylors are having a new well drilled at present. Gordon Goodwin is in the Wainwright hospital, having suffered a relapse of mumps. Hope your stay won't have to be too long, Gordon.

The Charlie Allens, now of Wainwright, have a new son this week. Congratulations!  
**Card of Thanks**  
We wish to express our gratitude to our friends for the flowers, cards and messages of sympathy sent to us during the illness and death of our beloved son, Special thanks to the Rev. B. Inglis and the Rev. I. Holter for their comforting words. Also the Church Choir and all others who helped in any way. Your thoughtfulness will never be forgotten.  
—Mr. and Mrs. W. D. Ramsay.

## Eight Students Graduate from Irma High School May 29th

The second annual Grade XII graduation ceremony took place in the Irma School auditorium on Thursday, May 29th.

A committee of Grade XI students had decorated the auditorium appropriately in spring pastels and lilac blooms.

At 2:30 p.m. the eight graduates, seven of them girls dressed in various pastel shades, entered to musical accompaniment played by Carole Matthews, Grade XI. After taking their places on stage all joined in singing "O Canada." The ceremony opened with the invocation, delivered by Rev. H. Inglis. Principal D. H. Gunn, acting as chairman, gave the address of welcome, which was both timely and witty. He complimented this class on their success in achieving friendly cooperation among its members.

Mrs. C. Ballentine then introduced the graduates, presenting each with a symbolic diploma. The graduates presented were: Doris Darling, Alice Fischer, Margaret Orcheski, Rodney MacDuff, Barbara Murray, Maureen Patterson, Laraine Pond, and Darlene Verr.

Following this, Rodney MacDuff presented an amusing class prophecy, dated 15 years in the future.

Laraine Pond, in her usual witty manner, kept the audience entertained with the Class Will. Mr. F. Hill, on behalf of the Wainwright School Board, gave congratulations and best wishes to the graduates. After his address Mr. Hill presented Maureen Patterson, Laraine Pond, and Darlene Verr.

After the closing number there was the election of some amateur and professional photography. This year's class, who were the recipients of rose corsages presented by the Students' Union, honored their mothers and teachers with beautiful bouquets.

The Ladies of the Home and School Association served a delicious luncheon to the graduates and their guests.

In the evening parents and friends joined the graduates in the annual Graduation Dance. We wish to thank all those who helped to make this year's graduation ceremony and dance a success.

## News Report From Edmonton

By Ken Mason

EDMONTON — Alberta's new liquor laws went into effect last Sunday, June 1, but it is not a month or more before the public notices anything different.

In addition to the time it takes for licence-granting machinery to get rolling under the new laws, there is a strong possibility that residents of many communities will have to decide the drinking question all over again in local option votes.

If no local option votes are demanded, about the earliest date for licensing restaurants and cocktail lounges is July 15. The big hotels in the national parks may be the first to qualify, because they are anxious to be in operation for at least part of the tourist season, and will have their applications in shortly.

The railways were expected to be the first to take advantage of the new laws, because they are not subject to local option votes. Under the laws, liquor can be served on trans-continental trains passing through the province. The facilities are already there, so all it needs is the bar will remain open in Alberta, leaving Saskatchewan the only dry province for rail travelers.

The question of local option votes is in the hands of the province's temperance groups. Rev. A. L. Sanderson, general secretary of the Associated Temperance Forces of Alberta, said last week his group plans to "take action" in areas where the dry forces think they have a chance of winning.

There are areas where the chances of a dry vote are good. Although the province as a whole voted strongly in favor of relaxed liquor laws, last fall's plebiscite, there were individual constituencies which voted "No." Mr. Sanderson said it will be up to local groups to decide whether they will take action.

Under the new laws, passed this year, a local option vote must be held if a petition demanding it is signed by 500 persons or 10 per cent of the qualified voters in a community, whichever is less.

The provincial cabinet last week put the finishing touches on regulations under the three new liquor acts.

Under the regulations, when an application for a licence is received, it must be advertised on two occasions, at least five days apart, and then there is a 30-day waiting period before a licence is granted.

So far nearly 300 inquiries have been received by the liquor board. Copies of the new laws and the regulations were being sent out this week to all who required.

In a statement of policy issued last week, Premier Manning said the liquor board policy will be to "proceed with caution in licensing in order that the transition to new outlets may be accomplished in an orderly fashion and in keeping with the objective of maintaining the highest possible standards."

Social Crediters are looking for a new national leader. Solon E. Low, 58, last week announced his retirement from the post. He made the announcement at all of all places—a Progressive Conservative meeting in Ottawa.

Political pundits are wondering who will get the job. In the past, it has been rumored that Premier Manning might consider going into federal politics. Asked about the possibility last week, the premier replied: "How many times do I have to answer that question?"

Someone said he didn't have to answer it again so long as the answer was the same. "I'll let you know as soon as it's different," he said. You'll note he didn't say he wouldn't take the job, and some observers are still insisting it's a possibility.

There are other candidates for the national Social Credit leadership. Among those mentioned are Orvis Kennedy, the national organizer, and Ambrose Holowach, who represented Edmonton East in the Commons until last March. Observers here discount the possibility of any British Columbia-type Social Crediters taking over.

It was announced last week that a second plebiscite on the proposed Alberta egg marketing board will be held during June, July and August. Producers with 50 or more hens will be

## Community Joins in Final Tribute to C. (Stub) Trueman at Funeral Services

(From The Viking News)

Funeral services for C. (Stub) Trueman whose sudden death cast a gloom throughout the community on Saturday, May 24th, were held from the Viking United Church on Tuesday, May 27th at 2 p.m. The church was filled with sorrowing relatives, friends and neighbors, and an overflow crowd filled the basement of the new church where the comforting sermon of Rev. C. Swallow was heard over the public address system. Mrs. Comisarow sang, "Beyond the Sunset."

The Elks lodge of which Mr. Trueman was a member, lined up in front of the church as an honor guard as the congregation gathered and after the conclusion of the services.

Pall bearers were all members of the Viking Elks lodge; Dave Henderson, Mario Plicia, L. C. McIntyre, N. Josephson, Jack Roddick, Lumir Dobry; Honorary pall bearers, Carl Naslund, Roy Maxwell, Oscar Knudsen, Alvin Goltz, Helmer Hanson, and Jim Todd.

After the graveside service by Rev. Swallow, the impressive burial ceremony of the Elks was observed. A large gathering heard past exalted ruler Fred Reishus recite the burial rites after which the member Elks dropped sprigs of acacia into the grave saying "Rest in peace, brother." Brother Elks were also present from Kinsella and Irma.

Clarence Trueman was born August 17th, 1910, at Barons, Alberta. He was united in marriage to Lillian Mary Gray on January 4th, 1937. He began as a grain buyer at Claresholm on July 1935, then at Carmanagay in 1936, then back to Viking in 1944 where he and his family have resided since.

"Stub" as he was popularly known, was one of the most likeable fellows you could wish to meet. He took a decided interest in all sports activities, and was an exceptionally good curler. Always cheerful, generous in helping in all community efforts and promotions, his loss will be felt by a wide circle of friends, not only in Viking but throughout the province wherever he was known.

Left to mourn his loss are his wife, two sons, Darryl and John; four sisters, Mrs. Mae Hall, Auburn, Wash.; Maude, Edmonton; Grace, Auburn, Wash.; Gladys, Rindell, B.C.; one brother Fred, Prince Rupert, B.C.

Floral tributes were from: Loving Wife and Sons, Sisters and Brothers, Mae, Maude and Jack; Gladys and Joe, Grace and Lem; Fred and Mary; Mom Gray; Ben, Laura and Girls; Douglas and Helen; Jack and Maggie; Ethel, Clara and family; Bill, Ruth and family; Hazel; McLaren Gray, Hilda and family; Staff at Viking Drug Store; Willie, Irene, Marjorie and Mervin; Allan and Nora; Charlie and Audrey; Frank and Laura; Mr. C. Runyon and family; Mr. and Mrs. Lumir Dobry and family; Viking Elks' Lodge No. 85; Helen and Nick; Grade Nine Students Union and

entitled to vote.

You'll recall that the marketing plan was defeated last year when it fell short of the required majority—it got 48.41 per cent if the eligible voters instead of the 51 per cent it needed.

Farm organization officials complained that the enumeration was faulty. Presumably greater care will be taken this time, and if it fails again it will be because poultrymen don't want a board to control the marketing of all commercial eggs in the province.

Teachers: M. C. Brissard and family.

G. A. Brissard and family; C. F. Brissard and family; North-western Utilities Ball League, Viking—Two Hills—Vegreville; Maria; Helen and Rena—Mae Plicia; Mrs. Joan Paget and Family; George and Jean Klontz; Mr. and Mrs. E. N. ## OIL DIVIDEND TO BE \$17.50

Provincial Treasurer Hinman announced Wednesday the 1958 Alberta oil and gas royalty dividend will be \$17.50, a decrease from the \$20 dividend issued last year.

Dividends are paid to persons who have lived in the province during the last two years and a total of 10 years, who are over 21 years of age and a British subject or Canadian citizen.

Instructions and application forms have been mailed to Alberta residents. Some 350,000 forms were mailed, with additional forms available.

The Legislature appropriated \$10,000,000 for use in the dividend fund in 1958. This is \$1,000,000 less than the 1957 fund, from which the dividend was first paid.

### Summary Prepared on Gordon Commission's Report

MONTREAL, May 28—First comprehensive summary of the Gordon Commission's recently published final report has been prepared by the Bank of Montreal and is contained in the bank's Business Review for May, just issued.

The B of M review summarizes in question and answer form some of the major points raised in the 509-page report, including population growth, its special problems and labor force expansion in relation to it; immigration; agriculture; resource industries; energy consumption; secondary manufacturing; productivity; output in 1960; regional problems; changes in foreign trade; tariff policy; dependence on foreign capital; foreign control of Canadian industry; and the role of government.

"The answers to all these questions provide a sketch of the Canada of tomorrow," says the B of M, but adds that "the forecasts have been based on a number of major assumptions; for example, it is assumed, among other things, that a global war will be avoided and that there will not be a serious depression or prolonged period of unemployment."

"Should any of these premises not be supported by events," the B of M continues, "then it is obvious that the conclusions will be affected."

However, the review concludes by re-stating the Gordon Commission opinion that "Canadians have every reason to look forward with optimism and confidence to the continued economic development of our country and a rising standard of living in the years to come."

Copies of the review are available at all B of M branches.

### File Application For Increase in Gas Rates

Northwestern Utilities, Limited today filed an application with The Board of Public Utility Commissioners for an increase in rates charged for natural gas service in Edmonton and other communities it serves in Central Alberta.

As indicated some months ago in its Annual Report, the company has undertaken this action due to:

- (1) the necessity for increased capital expenditures for improvements and extensions to its system and to provide additional sources of supply.
- (2) increased costs of material, supplies, wages, costs and quantities of purchased gas, and increased costs of money.

The Viking-Kinsella field has served the company for many years and, while this field still contains significant volumes of gas, it is necessary to preserve these reserves to prolong their useful life in meeting demands during severe winter weather, the company said.

The Viking-Kinsella field was developed at low cost many years ago and consumers have benefited by these low costs. The sources necessary to augment supplies must be developed at today's higher cost levels and the price of gas purchased in new fields will be much higher than at Viking-Kinsella, it reports.

The application is returnable on June 13th, when the Board will be asked to fix a date for the hearing. It is unlikely that the hearing will begin before early fall.

### THE Homemakers

The holiday season is just about here and if you are traveling by train or plane packing a limited amount in the suitcase always creates a problem. The most important part of packing a bag for a long trip is to leave at home anything which isn't absolutely necessary and to take suitable clothes for the type of holiday or trip you are planning to take.

Suggestions which may be of help to you are as follows:

1. Travel as light as possible. Unnecessary luggage is a burden and also an expense. Limit yourself to one large bag or suitcase and a small bag for shoes and bulky accessories. The small bag will be useful on short trips to the beach or lake. A light all-weather coat is necessary in most parts of this country.

2. Plan your wardrobe. Since space is limited the wardrobe will have to be fairly small. The best color for suits and basic dresses should be either in neutral tones, black or any other dark color in order that they may be combined with accessories of different colors. Blouses, scarves, costume jewelry are some of the details which may add smart accents to these costumes and give enjoyable variety.

The suit can be worn with different colored blouses or scarves for street or morning wear, various colored scarves or pins for afternoon wear and perhaps a rhinestone pin for evening. A basic dress with perhaps a jacket to match can also be dressed up or down to suit various occasions with the same accessories used with the basic suit. The jacket or bolero may be worn for early morning and daytime wear, and for evening wear the jacket may be removed and replaced with a smart pin or rhinestone at the neckline. Include one or two drip and dry cotton dresses for less formal occasions and hot summer days.

3. Include in your tote bag, needle and thread for spot repairs on clothing.

4. For general sportswear, slacks, shorts and a simply tailored blouse with flat heeled shoes are required. They should be of washable material so that if necessary they could be laundered in the evening. The same applies to lingerie. Avoid taking several items of each as this will lead to carrying more luggage than expected. Above all don't forget your bathing suit if you're a swimming enthusiast and a pleasant holiday whether motoring or otherwise to all.

### Joint Achievement Day and Sale for Viking and Holden Beef Calf Clubs

The joint 4-H Achievement Day and Sale of fat calves will be held at the Viking fair grounds on Tuesday, June 10th. Judging will commence at 1:00 p.m. and sale held at 2:30 p.m. The number of calves to be sold is 40. Local and outside buyers will be present as in former years.

The annual banquet will be held at the community hall, Viking, at 8:30 p.m. when presentations and winners will be announced.
